Cambridge IGCSE and O Level Geography has been written specifically for Cambridge International syllabuses 0460 and 2217. Filled with sources, graphs and case studies, the coursebook requires students to examine a range of information, helping to build their analytical skills. Written by highly experienced authors and Cambridge trainers, this coursebook is updated to support both Cambridge IGCSE and O Level students. It includes clear and practical support, case studies from 25 different countries, fieldwork ideas and a range of interesting content. The accompanying CD-ROM contains support sheets for the topics covered, outline maps and sample exam-style questions. Answers to the activities are in the teacher's resource.

Arranged in four sections, provides review exercises and past examination questions for topics in microeconomics, macroeconomics, interantional economics, and development economics.

The most comprehensive match to the new 2014 Chemistry syllabus, this completely revised edition gives you unrivalled support for the new concept-based approach, the Nature of science. The only DP Chemistry resource that includes support directly from the IB, focused exam practice, TOK links and real-life applications drive achievement.

The landscape of international education has changed significantly in the last ten years and our understanding of concepts such as internationali, 'global' and multicultural are being re-evaluated. Fully updated and revised, and now including new contributions from research in South East Asia, the Middle East, China, Japan, Australasia, and North America, the new edition of this handbook analyses the origins, interpretations and contributions of international education and explores key contemporary developments, including: internationalism in the context of teaching and learning leadership, standards and quality in institutions and systems of education the promotion of internationalism in national systems This important collection of research is an essential resource for anyone involved in the practice and academic study of international education, including researchers and teachers in universities, governmental and private curriculum development agencies, examination authorities, administrators and teachers in schools.

Suitable for standard and higher level students, this resource is written by an experienced IB English teacher following the English B syllabus. Features include activities and authentic texts to develop reading and comprehension, integrated study ideas for IB central core, featuring LP (Learner profile), CAS (Creativity, Action, Service), TOK (Theory of Knowledge) EE (Extended Essay), and a Glossary with definitions of key vocabulary. This title offers comprehensive learning and support for teachers and students, ideas for extensive reading material, activities to build language skills and cultural understanding for extension essays, research, exam preparation and a free teacher resources website: ibdiploma.cambridge.org.
