ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- For one-semester undergraduate and graduate level courses in Organizational Behavior. Concise fundamentals for students. Ultimate flexibility for instructors. This bestselling, brief alternative for the OB course covers all the key concepts needed to understand, predict, and respond to the behavior of people in real-world organizations. This text also includes cutting-edge topics and streamlined pedagogy to allow maximum flexibility in designing and shaping your course. The eleventh edition contains expanded and updated coverage on international issues, as well as new sections on the management of information, safety and emotions at work, risk aversion, self-determination theory, managing information, and downsizing. Accompanied by mymanagementlab! See the hands in the air, hear the roar of discussion—be a rock star in the classroom. mymanagementlab makes it easier for you to rock the classroom by helping you hold students accountable for class preparation, and getting students engaged in the material through an array of relevant teaching and media resources. Visit mymanagementlab.com for more information.

Organizational Behavior: Human Behavior at Work, 14e is a solid research-based and referenced text known for its very readable style and innovative pedagogy. While minimizing technical jargon, John Newstrom carefully blends theory with practice so that basic theories come to life in a realistic context. As in previous editions, this edition will be filled with practical, applied advice and a widely accepted, and specially updated, presentation of five models of organizational behavior that provides an integrating framework throughout the book.

Contrary to the common saying: we do want you to judge this new edition of Organizational Behavior by its front cover. Specifically, featured is that this is the 14th edition, it takes an "Evidence-Based Approach," and similar to the previous edition there are now three Luthans authors. This 14th edition is based on the foundation provided by the first mainline text which has become the classic for the study and understanding of organizational behavior. However, by taking an evidence based approach, this insures that, even though a classic, this new edition adds the most recent and relevant research to the most extensive, up-to-date reference-base of any organizational behavior text. By adding the two closely related authors (professor sons) literally pumps "new blood" into the sustainability of this classic text by Fred Luthans. Importantly, Fred has recently been recognized with: 1) Lifetime Achievement Award in Organizational Behavior; 2) Top 1% of Citation Count of all researchers in the world; and 3) the #1 most cited author in Organizational Behavior textbooks. Finally, this new edition recognizes that even though the theoretical framework and coverage largely remains, the context of organizational behavior is rapidly changing. This new edition reflects the "New Age" environment, but still holds to the premise that in today's organizations, success and competitive advantage still comes from the understanding, prediction, and effective management of human resources. With this new edition we invite you to continue the never-ending journey guided by the best organizational behavior theory, research, and application.

The most comprehensive, reality-based review of organizational behavior of its kind, this volume prepares readers to explain and predict behavior in organizations at three levelsthe individual, the group, and the organization system. Features a lively, conversational style, extensive examples, case applications, skill-building modules, Ethical Dilemma exercises, Myth or Science? boxes, and more. Values, Attitudes, and Job Satisfaction. Personality and Emotions. Perception and Individual Decision Making. Basic Motivation Concepts. Motivation: From Concepts to Applications. Understanding Work Teams. Communication. Basic Approaches to Leadership. Contemporary Issues in Leadership. Power and Politics. Conflict and Negotiation. Technology and Work Design. Human Resource Policies and Practices. Organizational Culture. Organizational Change and Stress Management. For anyone interested in organizational behavior, organizational psychology, or human relations.

What is customer orientation? And how does it fit in your idea of a good marketing strategy? This book can help you understand more about the relationships, applications, and steps to take to drive continuous relationships with customers to aid in the process of defining and implementing niche strategies, international marketing efforts, and electronic commerce. Inside, the authors start with classic marketing concepts and then review important developments and research of the latest findings (both from the theoretical and applied points of view) to present specific examples, methodologies, policy measures, and strategies that can be implemented to increase and perfect customer satisfaction. Both manufacturing and service businesses are addressed, and the results will give you a combination of the major studies in this specific field of marketing and strategy to offer a comprehensive strategic tool for decision makers in organizations.

In today's increasingly diverse, multicultural business world, managers and employees alike need to transcend many borders (literally or figuratively) and grasp a wide variety of cultural nuances on a routine basis. Doing this well requires both a sophisticated understanding of cultural differences as well as a repertoire of skills and management tactics that can be brought to bear to build and maintain a competitive global workforce. International Organizational Behavior focuses on understanding and managing organizational behavior in an international context, providing both the conceptual framework needed for a transcendent understanding of culture along with plenty of practical advice for managing international challenges with organizational behavior.

Managing Organizations in the United Arab Emirates seeks to familiarize readers with the nature of doing business and managing organizations in the Middle East by bringing together case studies on United Arab Emirate (UAE) organizations, one of the most dynamic and rapidly growing economies in the world.

The tourism and hospitality industries are seeing continued success, which is why so many new businesses are trying to find a foothold in the field. However, the functions and responsibilities of management differ heavily between organizations within the tourism industry, such as the differences faced by big chain hotels, family owned hotels, and individually owned hotels. Understanding the methods of managing such companies is vital to ensuring their success. Industrial and Managerial Solutions for Tourism Enterprises is a pivotal reference source that focuses on the latest developments on management in the tourism and hospitality industries. Highlighting a range of topics including core competency, customer relationship management, and departmental relationships, this book is ideally designed for managers, restaurateurs, tour developers, destination management professionals, travel agencies, tourism media journalists, hotel managers, management consulting companies, human resources professionals, performance evaluators, researchers, academicians, and students.

The role of women in the workplace has rapidly advanced and changed within the previous decade, leading to a current position in which women are taking over leadership roles and being offered these positions more than ever before. However, a gap still exists with the representation of women in the workforce especially in power positions and roles of authority in organizations. While the representation of women in leadership roles is impressive and exciting for the future, women still face many challenges when taking over these positions of power and face many issues related to gender inclusivity. There is also still gender bias and discrimination against women who have been given the opportunity to become authority figures. It is essential to acknowledge and discuss these critical issues and challenges that women in leadership roles must handle to better understand the current climate of gender roles across various industries and types of leadership. The Research Anthology on Challenges for Women in Leadership Roles discusses the role of women in positions of authority across diverse industries and businesses. By reviewing the biases, struggles, discrimination, and overall challenges of being a woman in a powerful role, women leaders can be better understood for their role in a male-dominated world. This includes topics of concern such as equal treatment, proper implementation of women's policies, social justice activism, discrimination, and sexual harassment in the workplace, and the importance of diversity and empowerment of women in leadership positions with chapters pertaining specifically to African-American, Hispanic, Asian, and Middle Eastern women. This book is ideal for professionals, researchers, managers, executives, leaders, academicians, sociologists, policymakers, and students in fields that include humanities, social sciences, women's studies, gender studies, business management, management science, health sciences, educational studies, and political sciences.
