Imagine if food fell from the sky like rain□ wouldn't it be great? Or would it? This is what happened in the tiny town of Chewandswallow. In many ways it was much the same as any other small town, except for the weather□ which came three times a day, at breakfast, lunch and dinner. Sometimes it rained soup and juice, or snowed mashed potatoes, once or twice it even blew up a storm of hamburgers. Life was pretty delicious in Chewandswallow□until the weather took a turn for the worse!

Spectrum Word Study and Phonics encourages creativity and builds confidence by making reading fun! The lessons, perfect for students in grade 5, strengthen phonics skills by focusing on digraphs, diphthongs, syllabication, acronyms, figures of speech, dic

The perfect book for fall! What happens when a town has an accidental abundance of pumpkins? What do José and his well-intentioned brothers do with a mountain of pumpkins? An EXPLOSION of pumpkins? Step into Pumpkin Town and see! As a teacher, Katie McKy saw many children make mistakes. She also saw many children want to make their wrongs right. As a gardener, Katie once planted too many pumpkin seeds. She was that a good thing can be a bad thing when the vines start to grow every which way.

How can teachers make sure that all students gain the reading skills they need to be successful in school and in life? In this book, Karen Tankersley describes the six foundational "threads" that students need to study in order to become effective readers: phonemic awareness, phonics and decoding, vocabulary, fluency, comprehension, and higher-order processing. For each area, the author explains how students acquire the reading skills they need and offers a series of skill-building strategies and activities that teachers can use in the classroom. Although reading is□perhaps most intensely taught in the kindergarten and 1st-grade classrooms, Tankersley emphasizes that helping students become lifelong readers is a task for all teachers, including content-area teachers in middle and high schools. The Threads of Reading addresses key questions about literacy, such as * What makes a difference in reading achievement? * How much reading time is enough? * How can teachers use writing to build reading skills? * How can teachers help students make meaning from their reading? The strategies in this book address many situations, from individual instruction to small- or large-group instruction, from kindergarten to high school. Teachers will appreciate the multitude of activities provided, and administrators will learn to better evaluate the reading programs in place in their districts and schools. Grounded in both research and "teacher lore" from actual classrooms, this book is a solid guide to helping students become lifelong readers. Note: This product listing is for the Adobe Acrobat (PDF) version of the book.
