War Is a Racket is a speech and a 1935 short book, by Smedley D. Butler, a retired United States Marine Corps Major General and two-time Medal of Honor recipient. Based on his career military experience, Butler frankly discusses how business interests commercially benefit (including war profiteering) from warfare. He had been appointed commanding officer of the Gendarmerie during the United States occupation of Haiti, which lasted from 1915 to 1934.

Administration occupational field. The T&R Program is the Corps' primary tool for planning, conducting and evaluating training and assessing training readiness. Subject matter experts (SEMs) from the operating forces developed core capability Mission Essential Task Lists (METLs) for ground communities derived from the Marine Corps Task List (MCTL). This T&R Manual is built around these METLs and other related Marine Corps Tasks (MCT). All events contained in the manual relate directly to these METLs and MCTs. This comprehensive T&R Program will help to ensure the Marine Corps continues to improve its combat readiness by training more efficiently and effectively. Ultimately, this will enhance the Marine Corps' ability to accomplish real-world missions.

Professional Reading Program Bluejacket
Paperback Book Series In this riveting
insider's chronicle, legendary Marine
General "Brute" Krulak submits an
unprecedented examination of U.S.
Marines--their fights on the battlefield and
off, their extraordinary esprit de corps.
Deftly blending history with
autobiography, action with analysis, and
separating fact from fable, General Krulak
touches the very essence of the Corps:
what it means to be a Marine and the
reason behind its consistently outstanding
performance and reputation. Krulak also
addresses the most basic but challenging
question of all about the Corps: how does
it manage to survive--even to
flourish--despite overwhelming political
odds and, as the general writes, "an
extraordinary propensity for shooting itself
in the foot?" To answer this question
Krulak examines the foundation on which

the Corps is built, a system of intense loyalty to God, to country, and to other Marines. He also takes a close look at Marines in war, offering challenging accounts of their experiences in World War II, Korea, and Vietnam. In addition, he describes the Corps's relationship to other services, especially during the unification battles following World War II, and offers new insights into the decision-making process in times of crisis. First published in hardcover in 1984, this book has remained popular ever since with Marines of every rank.
