I see no reason for a comprehensive seduction guide to be more than 100~ pages long. We should be encouraging people to read LESS and go out MORE. That's what Above The Game means, in a nutshell. Quit wasting time worrying about traditional "Game" materials and get out and become a great man. Rise above it.

Above The Game: A Guide to Getting Awesome with Women is the most concise and powerful handbook for men looking to get better with women. Made famous by the Kickstarter campaign that caused over 60,000 people to petition to have it removed and never published, this book is influential and a true game-changer. Hoinsky introduces the concept of "sexual communication" as a replacement for consent as it is commonly understood. Hoinsky took his criticism to heart and has written a true gem that should be mandatory reading for all men and women looking to better understand gender relations. Be above the game.

The Message Game is about many things. It's not just a dating guide for men to get dates quickly and efficiently through dating apps like Tinder, or social media. It's about becoming a good communicator, knowing how to lead conversations and being able to set up genuinely fun activities that maximize your sexual results and relationships. With hundreds of analyzed screenshots collected from dedicated Message Game followers and Ice White himself, this is a visual guide with real stories of sex and adventures, and real conversations that have provided an understanding of successes and failures. All the learning has been done for you and compiled into a structured guide that can answer all your possible questions. From maximizing how many contacts and phone numbers you get to setting up dates quickly, from getting dates to getting laid, and from logistics to escalation. The book also features special sections that are especially useful, such as: The Situation Index - A table of common situations with references to every single page that has explained or showed the given situation. She isn't responding? She doesn't want anything serious? She says she is busy? She is only visiting your town or city? She thinks you just want sex? Whatever it is, we have the pages. Frequently Asked Questions - A summary of many common questions, such as how long you should wait to reply, how often you should message someone, if you should use Tinder superlikes, if you should swipe a certain way on Tinder, and SO MUCH MORE. Without hesitation, this book is your own personal guide to getting the dates you want as frequently as possible.

"You can become irresistibly attractive to women without changing who you are." So says Mark Manson, superstar blogger and author of the international bestseller, *The Subtle Art of Not Giving A F*ck*, a self help book that packs a punch. Mark brings the same approach to teaching men what they need to know about attracting women. In *Models* he shows us how much it sucks trying to attract women using the tricks and tactics recommended by other books. Instead, he says, men need to focus on seduction as an emotional process not a physical or social one. What matters is the intention, the motivation, the authenticity. To improve your dating life you must improve your emotional life - how you feel about yourself and how you express yourself to others. Funny, irreverent and confronting, *Models* is a mature and honest guide on how a man can attract women by giving up the bullsh*t and becoming an

The knowledge in this book will enable you to have a stable sex life, so that lack of sex will cease to be a source of frustration for you. However, by revealing the key aspects of seduction, *Minimal Game* provides such a strong foundation that you will greatly benefit from it even if you are already getting a lot of women. In this case, you will learn how to become much more efficient, which will get you more girls in less time, and girls you have more in common with.

The hidden truth about the French way of life: it's all about seduction—its rules, its pleasures, its secrets France is a seductive country, seductive in its elegance, its beauty, its sensual pleasures, and its *joie de vivre*. But Elaine Sciolino, the longtime Paris bureau chief of *The New York Times*, has discovered that seduction is much more than a game to the French: it is the key to understanding France. Seduction plays a crucial role in how the French relate to one another—not just in romantic relationships but also in how they conduct business, enjoy food and drink, define style, engage in intellectual debate, elect politicians, and project power around the world. While sexual repartee and conquest remain at the heart of seduction, for the French seduction has become a philosophy of life, even an ideology, that can confuse outsiders. In *La Seduction*, Sciolino gives us an inside view of how seduction works in all areas, analyzing its limits as well as its power. She demystifies the French way of life in an entertaining and personal narrative that carries us from the neighborhood shops of Paris to the halls of government, from the gardens of Versailles to the agricultural heartland. *La Seduction* will charm you and encourage you to lower your defenses about the French. Pull up a chair and let Elaine Sciolino seduce you.
