Lesley Hazleton(born 1945) is a British-American author whose work focuses on the intersection and interactions between politics and religion.

Lesley Hazleton - Wikipedia

Whether you are a Muslim or not, the book is a pure historical narrative of what happened after the death of Prophet Muhammad (peace be upon him). Hazleton empathises with how muddy this topic can be due to the fact that both schools of thought affirm/deny certain historical events but does her best to bring both sides together.

[After The Prophet By Lesley Hazleton](#)

Lesley Hazleton is an award-winning writer whose work focuses on the intersection of religion, history, and politics. She reported on the Middle East from Jerusalem for more than a dozen years, and has written for Time, The New York Times, The New York Review of Books, Harper's, The Nation, and The New Republic, among others.

A narrative history of the origins of the Shia and Sunni conflict describes how a seventh-century struggle between the supporters of the late Muhammad's surviving family members erupted in a massacre at Karbala that would become a central component of Shia Islam.

In this gripping narrative history, Lesley Hazleton tells the tragic story at the heart of the ongoing rivalry between the Sunni and Shia branches of Islam, a rift that dominates the news now more than ever. Even as Muhammad lay dying, the battle over who would take control of the new Islamic nation had begun, beginning a succession crisis marked by power grabs, assassination, political intrigue, and passionate faith. Soon Islam was embroiled in civil war, pitting its founder's controversial wife Aisha against his son-in-law Ali, and shattering Muhammad's ideal of unity. Combining meticulous research with compelling storytelling, After the Prophet explores the volatile intersection of religion and politics, psychology and culture, and history and current events. It is an indispensable guide to the depth and power of the Shia–Sunni split.

A narrative history of the origins of the Shia and Sunni conflict describes how a seventh-century struggle between the supporters of the late Muhammad's surviving family members erupted in a massacre at Karbala that would become a central component of Shia Islam.

A retelling of the life of the iconic prophet of Islam draws on records from disciplines to profile his complexity, vitality, and legacy, tracing his rise from humble origins to a powerful figure who challenged an established order with a new vision of social justice.

A fascinating portrait of the Bible's most notorious woman narrates the saga of Jezebel, the Phoenician princess married to King Ahab, and her violent conflict with the prophet Elijah, which became a symbol of the ancient battle between polytheism and Jewish monotheism, offering the story of the ultimate downfall of a powerful woman and its repercussions. Reprint.

"A widely admired writer on religion celebrates agnosticism as the most vibrant, engaging--and ultimately the most honest--stance toward the mysteries of existence." -- Amazon.com.

Starting with a dark-skinned girl barely out of adolescence when she gives birth, Lesley Hazleton weaves together the many facets of Mary's existence: peasant villager, wise woman and healer, activist, mother, teacher, and yes, virgin, though in a sense we have long forgotten. She follows her through the worst any mother can experience--the excruciating death of her child--and then looks at how she transforms grief into wisdom, disaster into renewal. Strong and courageous, the Mary we see here does not merely assent to her role in history, but chooses it and lives it to the fullest.

*Includes pictures *Discusses the political and religious history of both main branches of Islam *Includes footnotes and a bibliography for further reading "Our followers are of three kinds, one who follows us but depends on others, one who is like a glass involved in his own reflections, but the best are those who are like gold, the more they suffer the more they shine." - Muhammad al-Baqir Different branches of the same religion are the exception more than the rule, and they have had a profound impact upon history. The schism between the Orthodox and Catholic Churches influenced relationships between nations across Europe, and religious intolerance based on different Christian faiths led to persecution and outright violence across the continent for centuries. The Protestant Reformation split Christianity further, and the results culminated in the incredibly destructive Thirty Years' War in the 17th century. Today, the most important religious split is between the Sunnis and the Shias (Shiites) within Islam. Unlike divisions in other faiths - between Conservative and Orthodox Jews or Catholic and Protestant Christians - the split between the Sunnis and Shia has existed almost as long as the faith itself, and it quickly emerged out of tensions created by the political crisis after the death of the Prophet Muhammad. In a sense, what are now two different forms of Islam essentially started as political factions within the unified body of Muslim believers. Over the past few centuries, Christians have mostly been able to live alongside their co-religionists, but the split between the Sunnis and Shias is still so pronounced that many adherents of each branch view each other with disdain if not as outright apostates or non-believers. The religious divide is perhaps the most important fault line in the turbulent Middle East today, with Sunni nations like Egypt and Saudi Arabia at odds with Shiite nations like Iran. At lower levels, non-state groups like the Islamic State and Hezbollah are fighting each other in ways that cross state lines in places like Lebanon, Iraq, and Syria. Although it is technically a split in religion, the divide has had substantial global ramifications for decades, and there seems to be no end in sight. The History of the Sunni and Shia Split traces the origins of the split and the historic effects of the main divide within Islam. Along with pictures of important people, places, and events, you will learn about the history of the Sunnis and Shias like never before, in no time at all.

What does America's 'war on terror' and new era of religious and patriotic intensity look like to an Englishman living in Seattle?
