Wiley's 11th Hour Final Review Guide for 2020 Level III CFA Exam compacts all readings tested on the 2020 CFA exam into one portable volume. Organized in order, this best-selling guide has helped thousands of candidates from over one-hundred countries pass the CFA exam. Designed to boil it all down to the crucial concepts, formulas and rules, this guide ensures candidates are familiar with the most important testable information. It's difficult to go over multiple books in the last few weeks before the exam, so Wiley's 11th Hour Review Guide does the work for you--condensing each reading down to two- to five pages. Enter the exam room with confidence and reinforce your knowledge and preparation! This comprehensive guide complements Wiley's CFA Study Guides sold separately but may be used with any review course. An effective, efficient study guide, this book prepares you to reach the next level in your career. "The Eleventh Hour Review book is simply brilliant. Virtually every sentence it contains is testable--it's an absolute must-have for every Level I candidate." --Ameer, UK "The eleventh hour guide was a great help." --Konrad, South Africa "I used your eleventh hour guide and mock exams for the last bit of my studying and greatly enjoyed your material. Out of all of the exam prep material, I thought [yours] was the best." --Thomas, USA "Thanks to the team for writing the most intelligent Chartered Financial Analyst material I have seen to date. The eleventh hour guide is absolute genius and proving very valuable at this stage of the revision process." --Doug, UK

Prepare for your OCN® Exam with the only study guide endorsed by ONS! Based on the latest test blueprint for the OCN Exam, this is the only question-and-answer review developed in collaboration with the Oncology Nursing Society. Practice questions match the format and makeup of the OCN Exam and reflect important changes in cancer treatment and nursing care. A companion to Core Curriculum for Oncology Nursing, 6th Edition, this definitive resource maximizes your study and review for OCN certification. UNIQUE! The only Q&A review book developed in collaboration with and endorsed by the Oncology Nursing Society (ONS), the parent company of the Oncology Nursing Certification Corporation (ONCC), which administers the OCN Examination. UNIQUE! In-depth review matches the ONS Core Curriculum for Oncology Nursing and reflects the full continuum of cancer care, the scientific basis for practice, palliation of symptoms, oncologic emergencies, and professional performance. UNIQUE! Questions keyed to QSEN (Quality and Safety Education for Nurses) competencies focus on reducing errors and increasing patient safety. Expert contributors include authors who developed the ONS Core Curriculum for Oncology Nursing, other cancer experts, and other practicing oncology nurses. Answer Key includes detailed rationales for correct and incorrect responses. NEW! UPDATED content matches the latest OCN® Examination test blueprint and The Core Curriculum for Oncology Nursing, 6th Edition. UPDATED coverage of cancer treatment and related nursing care includes all important changes, preparing you for the OCN® Exam and for expert clinical practice. UPDATED coverage of the latest research evidence.

Artificial intelligence (AI) has grown in presence in asset management and has revolutionized the sector in many ways. It has improved portfolio management, trading, and risk management practices by increasing efficiency, accuracy, and compliance. In particular, AI techniques help construct portfolios based on more accurate risk and return forecasts and more complex constraints. Trading algorithms use AI to devise novel trading signals and execute trades with lower transaction costs. AI also improves risk modeling and forecasting by generating insights from new data sources. Finally, robo-advisors owe a large part of their success to AI techniques. Yet the use of AI can also create new risks and challenges, such as those resulting from model opacity, complexity, and reliance on data integrity.

Was World War II really such a "good war"? Popular memory insists that it was, in fact, "the best war ever." After all, we knew who the enemy was, and we understood what we were fighting for. The war was good for the economy. It was liberating for women. A battle of tanks and airplanes, it was a "cleaner" war than World War I. Although we did not seek the conflict--or so we believed--Americans nevertheless rallied in support of the war effort, and the nation's soldiers, all twelve million of them, were proud to fight. But according to historian Michael C. C. Adams, our memory of the war era as a golden age is distorted. It has left us with a misleading--even dangerous--legacy, one enhanced by the nostalgia-tinged retrospectives of Stephen E. Ambrose and Tom Brokaw. Disputing many of our common assumptions about the period, Adams argues in *The Best War Ever* that our celebratory experience of World War II is marred by darker and more sordid realities. In the book, originally published in 1994, Adams challenges stereotypes to present a view of World War II that avoids the simplistic extremes of both glorification and vilification. *The Best War Ever* charts the complex diplomatic problems of the 1930s and reveals the realities of ground combat: no moral triumph, it was in truth a brutal slog across a blasted landscape. Adams also exposes the myth that the home front was fully united behind the war effort, demonstrating how class, race, gender, and age divisions split Americans. Meanwhile, in Europe and Asia, shell-shocked soldiers grappled with emotional and physical trauma, rigorously enforced segregation, and rampant venereal disease. In preparing this must-read new edition, Adams has consulted some seventy additional sources on topics as varied as the origins of Social Security and a national health system, the Allied strategic bombing campaign, and the relationship of traumatic brain injuries to the adjustment problems of veterans.

The revised book also incorporates substantial developments that have occurred in our understanding of the course and character of the war, particularly in terms of the human consequences of fighting. In a new chapter, "The Life Cycle of a Myth," Adams charts image-making about the war from its inception to the present. He contrasts it with modern-day rhetoric surrounding the War on Terror, while analyzing the real-world consequences that result from distorting the past, including the dangerous idea that only through (perpetual) military conflict can we achieve lasting peace.

All the fundamentals. No fluff. Learn more with less! A truly revolutionary American Government textbook, Christine Barbour's AmGov: Long Story Short, responds to the needs of today's students and instructors through brevity and accessibility. The succinct ten chapters are separated by tabs that make it easy to skim, flip, revisit, reorient, and return to content quickly. Reading aids like bullets, annotations and arrows walk students through important facts and break up the material in short, engaging bites of information that highlight not only what is important but why it's important. Though brief, this core book is still robust enough to provide everything that students need to be successful in their American Government course. Whether for the on-the-go student who doesn't have time to read and digest a lengthy chapter, or the instructor who wants a book that will stay out of their way and leave room for plenty of supplementary reading and activities, AmGov provides a perfectly simplified foundation for a successful American Government course.
