File Type PDF Antony Beevor Second World War

We review The Second World War by Antony Beevor. Second World War - the blurb. The Second World War began in August 1939 on the edge of Manchuria and ended there exactly six years later with the Soviet invasion of northern China. The war in Europe appeared completely divorced from the war in the Pacific and China, and yet events on opposite sides of the world had profound effects.

The Second World War by Antony Beevor - BOOK SOCIAL

The Second World War By Antony Beevor Published by Weidenfeld & Nicolson (2012), \$20.00. Although published seven years ago, the 880 pages of this book provide a partly new, overall and global picture of the Second World War. Above all, this is because the Japanese occupation of and war in China, which began in 1931, is presented as part of the war.

The Second World War Audiobook | Antony Beevor | Audible.co.uk
Antony Beevor, using many overlooked and new sources from Dutch, British, American, Polish and German archives, has reconstructed the terrible reality of this epic clash. Yet this book, written in Beevor's inimitable and gripping narrative style, is about much more than a single dramatic battle. It looks into the very heart of war.

In this searing narrative that takes us from Hitler's invasion of Poland on September 1st, 1939 to V-J day on August 14, 1945 and the war's aftermath, Beevor describes the conflict and its global reach -- one that included every major power. The result is a dramatic and breathtaking single-volume history that provides a remarkably intimate account of the war that, more than any other, still commands attention and an audience. Thrillingly written and brilliantly researched, Beevor's grand and provocative account is destined to become the definitive work on this complex, tragic, and endlessly fascinating period in world history, and confirms once more that he is a military historian of the first rank.

the most terrible war in history.

On 17 September 1944, General Kurt Student, the founder of Nazi Germany's parachute forces, heard the growing roar of aero engines. He went out on to his balcony above the flat landscape of southern Holland to watch the vast air armada of Dakotas and gliders, carrying the British 1st Airborne and the American 101st and 82nd Airborne Divisions. He gazed up in envy at the greatest demonstration of paratroop power ever seen. Operation Market Garden, the plan to end the war by capturing the bridges leading to the Lower Rhine and beyond, was a bold concept: the Americans thought it unusually bold for Field Marshal Montgomery. But the cost of failure was horrendous, above all for the Dutch who risked everything to help. German reprisals were cruel and lasted until the end of the war.

Jacket subtitle: The Battle of the Bulge.

"A rich and intriguing story which the authors disentangle with great skill."--Sunday Telegraph From Antony Beevor, the internationally bestselling author of D-Day and The Battle of Arnhem In this brilliant synthesis of social, political, and cultural history, Antony Beevor and Artemis Cooper present a vivid and compelling portrayal of the

File Type PDF Antony Beevor Second World War

City of Lights after its liberation. Paris became the diplomatic battleground in the opening stages of the Cold War. Against this volatile political backdrop, every aspect of life is portrayed: scores were settled in a rough and uneven justice, black marketers grew rich on the misery of the population, and a growing number of intellectual luminaries and artists including Hemingway, Beckett, Camus, Sartre, de Beauvoir, Cocteau, and Picasso contributed new ideas and a renewed vitality to this extraordinary moment in time.

Antony Beevor's *The Mystery of Olga Chekhova* is the true story of a family torn apart by revolution and war. Olga Chekhova was a stunning Russian beauty and a famous Nazi-era film actress who Hitler counted among his friends; she was also the niece of Anton Chekhov. After fleeing Bolshevik Moscow for Berlin in 1920, she was recruited by her composer brother Lev, to work for Soviet intelligence. In return, her family were allowed to join her. The extraordinary story of how the whole family survived the Russian Revolution, the civil war, the rise of Hitler, the Stalinist Terror, and the Nazi invasion of the Soviet Union becomes, in Antony Beevor's hands, a breathtaking tale of compromise and survival in a merciless age.

The Normandy Landings that took place on D-Day involved by far the

File Type PDF Antony Beevor Second World War

largest invasion fleet ever known. The scale of the undertaking was simply awesome. What followed them was some of the most cunning and ferocious fighting of the war, at times as savage as anything seen on the Eastern Front. As casualties mounted, so too did the tensions between the principal commanders on both sides. Meanwhile, French civilians caught in the middle of these battlefields or under Allied bombing endured terrible suffering. Even the joys of Liberation had their darker side. The war in northern France marked not just a generation but the whole of the post-war world, profoundly influencing relations between America and Europe. Making use of overlooked and new material from over thirty archives in half a dozen countries, D-Day is the most vivid and well-researched account yet of the battle of Normandy. As with Stalingrad and Berlin, Antony Beevor's gripping narrative conveys the true experience of war.

Acclaimed historian and best-selling author Antony Beevor vividly brings to life the epic struggles that took place in Second World War Crete - reissued with a new introduction. 'The best book we have got on Crete' Observer The Germans expected their airborne attack on Crete in 1941 - a unique event in the history of warfare - to be a textbook victory based on tactical surprise. They had no idea that the British, using Ultra intercepts, knew their plans and had laid a carefully-

File Type PDF Antony Beevor Second World War

planned trap. It should have been the first German defeat of the war, but a fatal misunderstanding turned the battle round. Nor did the conflict end there. Ferocious Cretan freedom fighters mounted a heroic resistance, aided by a dramatic cast of British officers from Special Operations Executive.

Evan Thomas's startling account of how the underrated Dwight Eisenhower saved the world from nuclear holocaust. Upon assuming the presidency in 1953, Dwight Eisenhower set about to make good on his campaign promise to end the Korean War. Yet while Eisenhower was quickly viewed by many as a doddering lightweight, behind the bland smile and simple speech was a master tactician. To end the hostilities, Eisenhower would take a colossal risk by bluffing that he might use nuclear weapons against the Communist Chinese, while at the same time restraining his generals and advisors who favored the strikes. Ike's gamble was of such magnitude that there could be but two outcomes: thousands of lives saved, or millions of lives lost. A tense, vivid and revisionist account of a president who was then, and still is today, underestimated, *IKE'S BLUFF* is history at its most provocative and thrilling.
