For Captain John Duggan, it seems like war never ends. Each success brings another mission and more death. Following events at the Helius Blackstar, Duggan is given the Space Corps' newest warship - a heavy cruiser armed to the teeth with the latest weapons and technology. A prospector craft, the SC Lupus, has gone missing and his superiors want to find out what happened and the aggressors dealt with accordingly. The wrecked spaceship is soon found. However, nothing is as it seems. What Duggan finds on a distant planet turns everything on its head. With the survival of humanity potentially in the balance, Duggan - a man forever chained by duty - is required to take the biggest risk of all. The man who has faced everything is about to come up against an opponent he cannot possibly defend himself against. Chains of Duty is a science fiction adventure and the third book in the Survival Wars series.

Following his successful mission to recover the missing warship ESS Crimson, Captain John Duggan finds himself unredeemed in the eyes of his superiors. His duties resume and this time he's given something easy - escort a cargo ship to a distant planet and bring it home safely. But war is never so predictable and a straightforward mission becomes something much more important. The outcome may well determine the future of humanity. Someone has terrible plans for the ESS Crimson and Duggan is about to find himself party to endless destruction. Even as worlds die, a new threat is waiting on the horizon. Bane of Worlds is a universe-spanning sci-fi adventure, which continues the Survival Wars series.

## Where To Download Chains Of Duty Survival Wars Book 3

Fifty-three years after it vanished, Earth's only Super-Devastator warship, the ESS Crimson sends out a distress signal...Humanity is fighting against an implacable foe. The Ghosts - a ruthless alien race - seem hell-bent on wiping out mankind. They have a vast warfleet and their technology is advancing at a terrible rate. Captain John Nathan Duggan and his crew are given a mission - find the missing ESS Crimson and bring it home. Little does Duggan realise, this is no ordinary mission. As he struggles against enemies both within and without, he desperately tries to unlock the mystery surrounding the Crimson's disappearance and the unknown weapons it carries. He soon discovers the missing warship might be the only hope for salvation that mankind has left. When everything is veiled in secrecy nothing is easy, as Duggan is about to find out. Crimson Tempest is the first instalment in an epic sci-fi action-adventure series.

An Internal Affairs detective pursues the vigilante cops who murdered his brother. Will he choose a love that cannot be consummated? Or will he choose guilt, vengeance and his own brand of vigilante justice?

The first book in the classic vigilante action series from a "writer who spawned a genre" (The New York Times). Overseas, Mack Bolan was dubbed "Sgt. Mercy" for the compassion he showed the innocent. On the home front, they're calling him the Executioner for what he's doing to the guilty. In the jungles of Southeast Asia, American sniper Mack Bolan honed his skills. After twelve years, with ninety-five confirmed hits, he returns home to Massachusetts. But it's not to reunite with his family, it's to bury them—victims in a mass murder/suicide. Even though Bolan's own father pulled the trigger, he knows the old man was no killer. He was driven to madness by Mafia thugs who have turned his idyllic hometown into a new kind of war zone. Duty calls . . . Introducing an action hero "who would make Jack Reacher think twice," this is the first book in the iconic series of vigilante justice that has become a publishing phenomenon (Empireonline.com). With more than two hundred million Executioner books sold since its debut, the series continues to stimulate. Gerry Conway, cocreator of Marvel Comics' The Punisher, credits the Executioner as "my inspiration . . . that's what gave me the idea for the lone, slightly psychotic avenger." The series is also now in development as a major motion picture. War Against the Mafia is the 1st book in the Executioner series, but you may enjoy reading the series in any order.

From the world's foremost intellectual activist, an irrefutable analysis of America's pursuit of total domination and the catastrophic consequences that are sure to follow The United States is in the process of staking out not just the globe but the last unarmed spot in our neighborhood-the heavens-as a militarized sphere of influence. Our earth and its skies are, for the Bush administration, the final frontiers of imperial control. In *Hegemony or Survival*, Noam Chomsky investigates how we came to this moment, what kind of peril we find ourselves in, and why our rulers are willing to jeopardize the future of our species. With the striking logic that is his trademark, Chomsky dissects America's quest for global supremacy, tracking the U.S. government's aggressive pursuit of policies intended to achieve "full spectrum dominance" at any cost. He lays out vividly how the various strands of policy-the militarization of space, the ballistic-missile defense program, unilateralism, the dismantling of international agreements, and the response to the Iraqi crisis-cohere in a drive for hegemony that ultimately threatens our survival. In our era, he argues, empire is a recipe for an earthly wasteland. Lucid, rigorous, and thoroughly documented, *Hegemony or Survival* promises to be Chomsky's most urgent and sweeping work in years, certain to spark widespread debate.

Relates the story of a U.S. airman who survived when his bomber crashed into the sea during World War II, spent forty-seven days adrift in the ocean before being rescued by the Japanese Navy, and was held as a prisoner until the end of the war.

WINNER -- Best Military Book -- 2013 Next Generation Indie Book Awards WINNER -- Gold Medal for Historical Fiction / War -- 2013 Stars & Flags Book Awards Finalist -- First Novel -- 2013 Next Generation Indie Book Awards "Centerline is a thrilling, high-action page-turner that captures a story many Americans fail to appreciate-the sacrifices of our armed forces, their families, and the medical teams who support them. The tactical flight operations, ground combat scenes, and medical emergencies are real-not Hollywood-and the stories of wounded warriors and those waiting at home are unforgettable." - General Bill Begert, USAF (Ret), Former Commander, Pacific Air Forces Centerline tells the arresting story of the last leg of an emotional journey through the eyes of wounded warriors, crew, and medical caregivers making the trip home from military hospitals just before Christmas at the height of the surge in Iraq. Air Evac 1492 is the collective Air Force call sign for the flight. But each person on board has an individual story of hopes, dreams, fears, and regrets as the aircraft wings its human cargo through bad weather, flashbacks, and in flight emergencies. "Everybody who goes to war gets shot," one soldier says. "Some in the body. Some in the head. Some in the heart." This inspiring debut novel by Dave McIntyre (Ret COL USA) combines compelling technical descriptions of flying, combat, and medical care in-flight to drive the story through a rollercoaster ride of emotions as thirty-one "souls on board" travel through pain, loss, a killer storm, and the demons of the past to make it home for Christmas. Some travelers will fall short of the runway. And some will find the beacon that leads them home-back to the centerline.

REVISED & EXPANDED SECOND EDITION This manual is the result of a detailed consideration of a societal collapse and the civil shift and aftermath that would impact individuals and families who are intent on survival. The purpose of this manual is to provide information to enhance the security, tactics, and survival skills of law-abiding citizens who are faced with civil disorder, lawlessness, violence, and physical threat in a post-collapse environment. The information in this manual is derived from training and experience gained from service with special operations forces (SOF) and subsequent employment as a security contractor in Iraq and Afghanistan. It is a distillation of tactics, techniques and procedures (TTPs) adapted to the threat and environment anticipated in this type of scenario, in order to provide the knowledge needed to survive in a world turned upside down. It is no longer just survival of the fittest but survival of those prepared. The manual will take you from self-defense as an individual, team and family, and on to tactics, techniques, procedures and training that can be used by tactical teams that you may need to form in order to survive or to resist tyranny. In a serious post-event scenario, one of total collapse with several

## Where To Download Chains Of Duty Survival Wars Book 3

months or years before recovery, families, groups and communities may be forced to create such tactical defense forces to protect personnel, loved ones and resources against hostile forces. There is something in this manual for both the tactical newbie and the military veteran. Authors Website: [maxvelocitytactical.com](http://maxvelocitytactical.com) Author's blog: [maxvelocitytactical.com/blog](http://maxvelocitytactical.com/blog) Authors note on choosing Contact or Rapid Fire: Contact and Rapid Fire are not designed as sequels, but are aimed at different audiences. There is an amount of material, the main bulk of the tactical stuff, which is common to both books. It is not intended that you buy both, just one or the other depending on your requirements.

"Fighter pilots tell the greatest stories and the great ones tell the best stories of all..." —PAT CONROY, bestselling author of *The Great Santini* and *The Death of Santini* "This book is not only among the finest war writing ever but, like Viktor Frankl's *Man's Search for Meaning*, *Solitary* sits alongside the most profound reflections on the resilience and capacity of the human soul." —STEVEN PRESSFIELD, bestselling author of *The Lion's Gate* and *The War of Art* "Solitary is a gutsy story of one man's survival, endurance, and strength of will..." —LARRY ALEXANDER, bestselling co-author of *A Higher Call* "I anxiously await the day my own sons are old enough to read it." —RICH COHEN, bestselling author of *Tough Jews* "You will tear through this book..." —RYAN HOLLIDAY, bestselling author of *The Obstacle is the Way* "It grabs you immediately, and doesn't let go until you're finished." —TUCKER MAX, bestselling author of *I Hope They Serve Beer in Hell* "A magnificent triumph of the human spirit...I was captivated from the first page to the last." —SEAN PARNELL, bestselling author of *Outlaw Platoon* Giora Romm was the Israeli Air Force's first fighter ace. As a twenty-two-year-old lieutenant he shot down five MiGs during the Six Day War of 1967. Fourteen months later over the Nile Delta, an Egyptian missile exploded beneath the tail of his Mirage IIIC. Within moments Romm found himself hanging by the straps of his parachute, with a broken arm and a leg shattered in a dozen places, looking down from 10,000 feet. Streams of farmers and field workers converged below onto the spot toward which his chute was descending, with the intention, he was certain, of hacking him to death as soon as his feet touched the earth. No other Israeli pilot had survived capture in Egypt or in any other Arab state. *Solitary* is Romm's story of his imprisonment, torture, interrogation, release, and return to service. *Solitary* is not a "war book." It's not a tale of heroism, though if anyone ever qualified for that distinction, it is this story's author. *Solitary* is not even, in its deepest parts, about captivity or imprisonment. *Solitary* is about Romm's inner war. It's the story, in his phrase, "of a fall from a great height," not only literally but metaphorically. Romm could not tell his captors the truth about who he was or what he had done. He had to invent an entire fictional biography and keep it straight in his head through months of beatings and interrogations, all the while being held in solitary confinement with his body sheathed from chest to toe in a plaster cast. *Solitary* is not a grim book. It's full of wry humor, keen self-observations and revelations. An ordeal such as Romm endured is a sojourn in hell, but it is also a passage. Romm fell, and he came back. *Solitary* is his indelible account of confronting, as few of us ever will, his own fears and limitations, and discovering, ultimately, his capacity to survive and to prevail. —From the Introduction by Steven Pressfield
