Offers nine new experiments to try to show how the abundance of the world can be open to readers and that their own thoughts create reality, in a follow-up to the internationally best-selling E-Squared. 75,000 first printing.

E-Squared is the sensational word-of-mouth SMASH that has gone on to become an international phenomenon, published in 26 languages and featured in the New York Times bestseller list! E-Squared could best be described as a lab manual with simple experiments that prove reality is malleable, consciousness trumps matter, and you shape your life with your mind. Yes, you read that right. It says prove. The nine experiments, each of which can be conducted with absolutely no money and very little time expenditure, demonstrate that spiritual principles are as dependable as gravity, as consistent as Newton's laws of motion. Rather than take it on faith, E-Squared invites you to prove the following principles: • There is an invisible energy force or field of infinite possibilities. • You impact the field and draw from it according to your beliefs and expectations. • Your connection to the field provides accurate and unlimited guidance. • The universe is limitless, abundant, and strangely accommodating. E-Squared is the remarkable truth that spiritual seekers have been looking for over the centuries. Discover why everyone is talking about it TODAY!

"Ever wonder why your thoughts easily create up-front parking spaces but don't always produce the fat wad of cash or the hot guy? Could it be you're on a different frequency? Could it be there's static in your consciousness? Abundance, love, and peace are always available for the taking. But your have to ger on the right frequency. And despite what you may have heard, it's not thinking that calls in miracles--it's thanking. When you're on the frequency of gratitude and joy, the universe is free to line things up, work things out, pull rabbits out of hats. When we observe the world from a place of gratitude, when we use our attention to spot beauty, to focus on possibility, we radically change our day-to-day experience. But why take someone else's word for it? The 30-day experiment in this book invites you to prove it to yourself. You'll also learn that abundance goes way beyond financial capital. An "earnings" worksheet is provided to track your Thank & Grow Rich portfolio, which includes social, creative, adventure, alchemic, and spiritual capital and comes with four personalized gifts straight from the always accommodatnig universe. Upgrade your life from ho-hum to wahoo in this exploration of energy, frequency, and universal magic!"-

ACIM, the Fun Version! A real-world rewrite of the lessons of A Course in Miracles by the #1 New York Times best-selling author of E-Squared. A Course in Miracles is profound, deeply moving, and as boring to read as a bookshelf assembly manual. Ask for a show of hands at any self-help gathering, and 95 percent will happily admit to owning the dense blue book that's a famous resource for spiritual transformation. Ask the obvious follow-up, "How many have actually read it?" and all but a smattering of hands go down. It's as if everyone wants the miracles, the forgiveness, and the mind shifts, but they just can't bear its ponderous heaviness. Pam Grout is for all those still struggling with the Course. Grout offers a modern-day rewrite of the 365-lesson workbook-the text at the heart of the Course. Unlike the original, it's user-friendly, accessible and easy for everyone to understand. In daily lessons with titles like "The Home Depot of Spiritual Practices" and "Transcending the Chatty Ashsat in My Head," Grout drills down to the Course's essential message and meaning, grounding it in the context of everyday life in a way that's bound to stick. The lessons here blend eternal truths with pop culture and personal stories that are laugh-out-loud funny and deeply soul-stirring, often at the same time. You won't be tempted to use this Course in Miracles as a doormat. You'll want to use it, every day, to change your life.

"If the dead could speak, don't you wonder what they would say to those of us they've left behind? What would they tell us to soothe our sorrow for their loss, calm our fears of what happens when we die, and fire us up to live the best possible lives we can right now? ... Dooley explores our most pressing and profound questions about the afterlife--and this life--from the fresh perspective of those who have made the transition to the next phase"--Amazon.com.

Imagine studying French in a Maine village, learning about nutrition at a historic North Carolina spa, or helping rebuild the devastated communities of the Gulf Coast. Weave a Navajo rug; make a film in New York; learn to surf in Mexico; or choose any of scores of other possibilities.

"This is the story of a year I spent in New York, studying with Yoga Master Alan Finger." When Katrina Repka moved to New York, she was eager to shed her past and begin a new life, but she soon discovered that her old problems had followed her to the big city, and that instead of finding herself, she was more lost than ever. It was when she was almost ready to give up on everything that she read a magazine article on Master Yogi Alan Finger and knew that she had to meet him. It was a meeting that would change her life. Over the next twelve months, with Alan's help, Katrina tackled and overcame many of the obstacles holding her back. Dealing with issues that every woman will relate to--criticism, emptiness, balance, family, and creativity (among others)--the twelve chapters in Breathing Space follow Katrina's ups and downs in New York. At the end of each chapter there is a simple but effective breathing exercise that will help readers eliminate harmful behavior patterns and speed their own process of personal transformation. Breathing Space is an inspiring and instructive book that offers every woman the chance to follow the author's path and become the person she truly wants and deserves to be.

This gem of a book presents God as a positive life force that, when tapped, can send our lives spinning in an exciting new direction. It explains how spiritual "experiments" work, and provides concrete instructions for using these principles to improve one's life. Ten spiritual concepts are introduced, with a suggested 48-hour experiment to prove each one. Some examples of these principles are: 1) There's a power and force in the universe that can heal; 2) Our thoughts create your reality; and 3) By directing your mind, you can create more abundance, joy, and love in your life. Written in a conversational, contemporary voice, God Doesn't Have Bad Hair Days will appeal to the spiritual believer who's a fan of such bestsellers as The Prayer of Jabez and Simple Abundance, as well as to the spiritually curious who seek fulfillment outside traditional Christian denominations. The spiritual skeptic, too, will be drawn to this attractive book and its cheery, no-nonsense tone.

Based on Lawrence Block's extremely popular seminar for writers. Discover Block's tips for overcoming writer's block and unleashing your creativity.

Don't change who you are. Awaken to it. No matter what you've been through in life, there is a force inside you that has not and cannot be taken away from you because it is you. Its spirit is irrepressible and indestructible, and this is your search and rescue mission for it. "Fantastic and groundbreaking... This remarkable book has won a place on my bookshelf with The 5 Love Languages. Everyone should read this book." -Jack Canfield, New York Times bestselling co-author of Chicken Soup for the Soul® and The Success Principles® International bestselling author James Sheridan uncovers the missing connections between ancient history, genetics, and a forgotten but powerful psychological theory. The YOU Code defies the conventional self-improvement message of changing who you are, and instead invites you to awaken to your true self. This groundbreaking self-improvement system also succinctly shows you: How your purpose in life is derived from your ancient and hidden lineage peace and clarity from a life built on your predestined definition of "success" Why every relationship has genetic flashpoints, and how to master them The three ancient truths that cut through all the health and diet confusion The two sacred cycles that grant you mastery of money This provocative page-turner provides definitive answers to the most important questions you'll ever ask yourself: "Who am I and why am I here?" It's time to discover what you once were and what's still living inside you, awaiting rebirth. James Sheridan is an international bestselling author, speaker, and entrepreneur. His first book, The Pandora Prescription, is a fact-based novel written to expose a medical cover-up. Sheridan has dedicated the last twenty years to finding the definitive answers for humanity's biggest questions, and his new, groundbreaking book, The You Code, represents the conclusion of his quest.
