In the market for a hot tip? Here's one. Don't bang your best friend's little sister. Especially when she's an investigative journalist and your company is the target of her latest exposé. Unfortunately, I've got a hard-on for high-risk bets, and I'm more than eager to invest my considerable stock holdings in Ellie Seyfried's...ahem...glorious assets. Friends with fringe benefits is a sweet deal, but it's not long before I'm falling harder than the post-bubble Nasdaq, hooked on Ellie's sweet smile and determination to make the world a better place. There's only one problem... When it comes to risking my money, I've mastered every trick in the book. But how the hell do I risk my heart?

He drives me crazy, and not in a good way. DANA: I've worked for Brett since he started his own financial planning company five years ago. I don't date for personal reasons. I'm the organized, Type-A office manager, and he's my boss. Sure, he's attractive. Any woman could see that, but his attitude makes a neanderthal look charming. Keeping him in line was never what I signed up to do when I took this job. I love my work-my boss, not so much. BRETT: I bring my passion and ambition to everything I do in the workplace. Outside work, I've never been one to settle down into a relationship. If only I could find a woman who would give me a chance to do things differently than I have in the past. Danae is a beautiful, intelligent woman, but she only sees the worst in me, and she isn't afraid to go to toe with me--regularly. When she shows up at a place I don't share with anyone, something shifts between us. Seeing her outside the office, and knowing her secret makes me feel things I never expected to feel for her. If you love office romances and enemies-to-lovers' stories, you will adore Brett and Danae's story of redemption as they move past their hurts and fears to give love a chance.

Dr. Bryan Booker is tired of playing games. Every available--and not-so-available--woman in town is coming onto him and it's becoming a problem. What man wants a woman with no breasts and a possible cancer reoccurrence in her future? She's accepted her fate. But all too soon Melissa finds herself jealous of the women throwing themselves at Bryan which means she's falling for her boss and if Bryan finds out, he'll fire her like he did the last one. Can she keep her feelings to herself--or has Bryan finally found a woman he wants to keep?

An ambitious intern. A perfectionist executive. And a whole lot of name calling. Whip-smart, hardworking, and on her way to an MBA, Chloe Mills has only one problem: her boss, Bennett Ryan. He's exacting, blunt, inconsiderate—and completely irresistible. A Beautiful Bastard. Bennett has returned to Chicago from France to take a vital role in his family's massive media business. He never expected that the assistant who'd been helping him from abroad was the gorgeous, innocently provocative—completely infuriating—creature he now has to see every day. Despite the rumors, he's never been one for a workplace hookup. But Chloe's so tempting he's willing to bend the rules—or outright smash them—if it means he can have her. All over the office As their appetites for one another increase to a breaking point, Bennett and Chloe must decide exactly what they're willing to lose in order to win each other. Originally only available online as The Office by tby789—and garnering over 2 million reads on fanfiction sites—Beautiful Bastard has been extensively updated for re-release.
