"Wallpaper is currently experiencing a creative boom. Designers everywhere are rediscovering its versatility and using it to achieve new imaginative effects. Packed with more than 300 illustrations, this lavish book explores the art of wallpaper from its historical beginnings to the present day and offers a wealth of design inspiration for any home. Beginning with the handcrafted papers points of the 18th century, through the Arts and Crafts movement, modernism and Pop Art, it traces the influences behind today's popular motifs and showcases a dazzling selection of the very best in contemporary wallpaper from all over the world."--Publisher's website.

Thoroughly researched study of the design and construction of this radical, inspiring workplace draws on much unpublished archival material. From the genesis of the structurally unique Administration Building – its design development, innovations, and furnishings – to the construction and completion of the Research Towers, Lipman presents a wealth of information. 172 black-and-white illustrations.

In chapters ranging from "The Beautiful, the Dainty, and the Dumpty" to "Skin-deep or In the Eye of the Beholder?" Nick Zangwill investigates the nature of beauty as we conceive it, and as it is in itself. The notion of beauty is currently attracting increased interest, particularly in philosophical aesthetics and in discussions of our experiences and judgments about art. In The Metaphysics of Beauty, Zangwill argues that it is essential to beauty that it depends on the ordinary features of things. He uses this principle to defend the notion of the aesthetic, to call for a version of aesthetic formalism, and to reconsider the reality of beauty. The Metaphysics of Beauty brings beauty to the center of intellectual consciousness in a manner informed by contemporary metaphysics and engages with beauty as an enduring object of human thought and experience.
