I just bought a used 5B1107 Frontier double acting sickle mower made by Gaspardo. Unlike my other Gaspardo mower, this one has knife guards that are bolted on rather than riveted. A nice feature that saves time if a knife guard needs to be replaced, as the knife guard bar needn't be removed, just bolt on a new guard.

In the Book of Life, Robert Collier shares with us the secrets of the ages. This book gives you the tools to have a happier and more successful life. Collier will show you how the way you think and the decisions you make have a direct influence on how successful and happy you are. With out the foundation that Collier laid herein, Rhonda Byrnes' The Secret could never have been written. Long before Michael Losier and James Arthur Ray reminded the world just how effective the power of positive thinking could be in Laws of Attraction and The Science of Success, there was Robert Collier's The Book of Life.

This is a new release of the original 1948 edition.

This book addresses aspects of rice production in rice-growing areas of the world including origin, history, role in global food security, cropping systems, management practices, production systems, cultivars, as well as fertilizer and pest management. As one of the three most important grain crops that helps to fulfill food needs all across the globe, rice plays a key role in the current and future food security of the world. Currently, no book covers all aspects of rice production in the rice-growing areas of world. This book fills that gap by highlighting the diverse production and management practices as well as the various rice genotypes in the salient, rice-producing areas in Asia, Europe, Africa, the Americas, and Australia. Further, this text highlights harvesting, threshing, processing, yields and rice products and future research needs. Supplemented with illustrations and tables, this text is essential for students taking courses in agronomy and production systems as well as for agricultural advisers, county agents, extension specialists, and professionals throughout the industry.
