A new book about love and friendship by New York Times bestselling author and creator of Steven Universe, Rebecca Sugar. When Gems fuse, their forms combine to create a Gem that is bigger, stronger, and more powerful than they are apart. But more importantly, Fusion is a process built on love, trust, and communication. It's like a dance that is perfectly in sync, or a conversation filled with perfect understanding. Learn all about Fusion with Steven, Garnet, Amethyst, Pearl, and the rest of the Gems on Earth as they share what Fusion--and love--mean to them. A perfect gift for Valentine's Day or any special occasion.

The definitive resource for working with powerful crystals! Sparkling, luminous, and colorful, it is no wonder crystals have always been regarded as a source of power from ancient times to present day. But with the enormous number of crystals now on the market, it is difficult to choose exactly the right stone. In 101 Power Crystals, internationally renowned crystal expert Judy Hall brings together 101 crystals that are powerful across a wide spectrum of uses and suitable for all types of user. Not all crystals suit everyone, and the selection has been specially chosen to offer alternatives and new possibilities that may not have been thought of before. This distinctive collection includes high vibration crystals that experienced crystal practitioners will want to explore as well as those with earthier vibrations that are suited to beginners or those developing their sensitivities. It also features some rare and recently discovered crystals and stones that have not been included in any other volume, such as Aurora Quartz, Que Sera, Trigonis Quartz, and Preseli Bluestone. Each entry covers the history, mythology, and symbolism of the crystal in addition to its healing properties and environmental effects. There are crystals and stones for love, health, protection, abundance, and many other powers.

Gemstones and crystals are more than pretty pieces of rock to be made into jewellery. For centuries they have been used as an aid to healing and meditation and as a means of increasing personal awareness and stimulating individual growth. This guide to gemstones and crystals introduces the absolute beginner to the most commonly found stones and their uses. It gives advice on choosing the stones that are right for you. It tells you how to cleanse, charge, programme and keep them and how to use them in a surprising number of ways in your everyday life.

A guide to gems and precious stones covers such topics as gem formation, structural properties, fashioning and cutting, and gem classification.
