This is how cars are created: engineers, planners, and designers started arguing about key issues a full ten years before the first van left the factory. Join us as we dive into their world, envisioning a brand new segment in a dying corporation, getting turned down, and then, during the rebirth of Chrysler, finally coming together quickly and on a minimal budget to create a new icon. The minivan was a daring project; they had barely any money, but needed to create a new vehicle from the ground up, going where nobody had been. The insiders' stories are told with previously-unpublished photos of the original clay models and sketches dating back to 1974. (The ebook does not contain all the photos from the print version; it does have nearly all the images of sketches and clay models. The print book has a black and white interior, and is otherwise identical to the pricier Amazon and Barnes & Noble editions.)

The basketball superstar reflects on his boyhood in Michigan, college career, NBA success, teammates, friends and family, HIV infection, and his new status as a role model

Russia boasts a long and rich tradition in chess education, and Russian chess teachers and trainers are simply the best in the world. The Complete Manual of Positional Chess, probably the most thorough grounding in the history of teaching chess, was recently created for chess teachers at the DYSS, the special sports school for young talents in Moscow. Konstantin Sakaev and Konstantin Landa present a complete set of instructions and tips for trainers and self-improvers. You will learn not only how to enhance your fundamental knowledge and technical skills, but also how to work on your physical and psychological conditioning. In VOLUME 2 you are again handed basic and advanced tools to improve in a wide array of areas: assessing and handling pawn structures, employing positional and tactical means to improve your position, identifying weak spots, mastering attacking dynamics and more. If you complete Sakaev and Landa ' s course you will be able to assess virtually any chess position you are confronted with. With its all-encompassing approach this ground-breaking book allows everyone to reap the fruits of the long tradition of instructive excellence in Russia.

The Honda 5 speed rebuild book is full of practical tips that can be used in any shop. This book covers the BYBA 5 speed found in the late model Honda Odyssey. Many of the tips, tricks and measurements from this unit can be used in many other Honda applications.
