Human rights debates can provoke strong reactions, particularly among people of different cultural backgrounds. The debate over Asian values and the use of human rights diplomacy are the most obvious manifestations of divisions between Asia and the West and reflect particular world views and historical legacies. In this new book, scholars from the United States and several Asian countries debate fundamental issues such as 'Asian values', 'peaceful evolution' and cultural imperialism. Provocative and challenging essays analyse the debate between East and West, presenting critical perspectives on globalization and human rights diplomacy. *Debating Human Rights* is an original contribution to a vital area of debate. It presents a uniquely wide diversity of perspectives on controversial issues and demonstrates how scholars and activists who view the world very differently can nonetheless move these debates forward in a search for common ground.

My name is Flora Padilla and I am a mother, grandmother, pastor, and an author. I married a man that physically, emotionally and mentally abused me. During this turbulent marriage, I was also trying to raise two small children, work full-time and financially support my household. Unexpectedly, I was injured on the job and lost the stability of having a steady income. This life-changing event shifted my path to my true calling. How did I become an overcomer against all odds? My book has the tools that I used to succeed, to be happy, blessed, victorious, and now an inspiration to others. I have spent my life "Mending Broken Hearts", because of my mended heart. Receive my story by faith.
