It's 493 mini lessons designed to give you the detailed gist of grammar points using real Japanese that real Japanese people read. How is this done? Each mini lesson is illustrated by a panel of manga.

Japanese The Manga Way - The Tofugu Review

Read Book Japanese The Manga Way An Illustrated Guide To Grammar And Structure Wayne P Lammers

Japanese the Manga Way: An Illustrated Guide to Grammar & Structure (with the alternative Japanese title of ?????????? Manga de Manabu Nihongo Bunp?) is an educational book by Wayne P. Lammers published by Stone Bridge Press designed to teach Japanese through the use of manga. The use of a pop-culture teaching aid in the form of manga represents a growing trend of Japanese-as-a-second-language students learning for fun, instead of for business reasons.

A "real manga, real Japanese" study guide and resource for language students and teachers

Japanese difficult? Study boring? No way! Not with this “real manga, real Japanese” approach to learning. Presenting all spoken Japanese as a variation of three basic sentence types, Japanese the Manga Way shows how to build complex constructions step by step. Every grammar point is illustrated by an actual manga published in Japan to show how the language is used in real life, an approach that is entertaining and memorable. As an introduction, as a

Read Book Japanese The Manga Way An Illustrated Guide To Grammar And Structure Wayne P Lammers

jump-start for struggling students, or (with its index) as a reference and review for veterans, Japanese the Manga Way is perfect for all learners at all levels. Wayne P. Lammers has taught Japanese at the college level and is an award-winning literary and commercial translator. He lives in Portland, Oregon.

Introduces a method of learning Japanese that allows you to learn, practice, and never forget new Japanese vocabulary, phrases, grammar points, and kanji that you encounter from any anime or manga of your choice. It also covers smarter ways to practice listening comprehension and reading and writing the Japanese language.

NOTE: This book is the SAME as the website but for those who prefer to have a physical copy in print now. Now in a smaller size from the previous orange version! The best website for learning Japanese grammar is now in print! My website (www.guidetojapanese.org) has been helping people learn Japanese as it's really spoken in Japan for many years. If you find yourself frustrated that you can't understand Japanese movies or books despite having taken Japanese classes, then this book is for you. It will help you finally understand those pesky particles and break down grammatical concepts that will allow you to comprehend anything from simple to very complex sentences. You will also learn Japanese that's spoken by real people including casual speech patterns and slang, stuff that's often left out in most textbooks. Don't take my word for it, just check out my website and order this book to have it handy wherever you go.

Teaches how to read and write Japanese so the Japanese comic books and cartoons can be enjoyed.

The Japanese in MangaLand series from JPT introduced language learners to an innovative, entertaining and educationally-sound way of learning Japanese through the use of manga. Now, this same approach is applied to the often-daunting task of mastering kanji - the Chinese ideograms - in Kanji in MangaLand, the first of a 3-volume course covering the 1,006 basic kanji characters. Aimed at Western students aged 12 - 25, the Kanji in MangaLand program differs from traditional methods in that it uses distinct drawings for the "parts" that form each kanji character; then it shows a manga-style illustration to help the student connect the shapes and the meaning. In addition, the books present information on compound words, stroke order, meaning and such unique features as identifying similar-looking kanji and alternative or older shapes for the same character. Kanji in MangaLand Levels 1 & 2 includes 21 lessons. The first seven of these cover all 80 kanji characters learnt by Japanese children in their first primary school year. Lessons 8-21 cover the 160 kanji studied in the next year. In every lesson, the student will learn 8 to 12 kanji and then move on to the exercise section, which features one page of manga using all the characters learnt in that lesson; a page of different types of exercises; and a page with the correct answers, translations and a summary of the new drawing-compounds that will appear in the next lesson. The book also has two special exercise parts - one at the end of each level - as well as indexes of kanji and reading. With manga sales booming - in 2006, they approached \$200 million - and interest in learning Japanese skyrocketing as well, the Kanji in MangaLand series is the perfect blend of entertainment and solid language instruction to make learning fun and effective.

For All Students This flexible book and audio program features 101 Japanese idiomatic and proverbial expressions that enrich students knowledge of Japanese language and culture. Each left-hand page provides the expression in Japanese orthography and romanization, along with a whimsical illustration.

Read Book Japanese The Manga Way An Illustrated Guide To Grammar And Structure Wayne P Lammers

Each right-hand page provides a literal translation of the idiom, its definition, cultural notes, and a dialogue in Japanese orthography, Roomaji, and English. Audiocassettes include expressive readings of the dialogues to help improve students' pronunciation.

Japanese In Mangaland Vol 2 is a Japan Publications publication.
