Rudyard Kipling ' s Just So Stories is one of the best-loved story collections ever written for children. In this companion to Volume I, published in fall 2013, acclaimed children ' s book illustrator Ian Wallace once again reinterprets the famous tales with luminous art, bringing Kipling to a new generation of young readers. Many of the tales are origin stories, explaining, for example, how an animal came to be, or the how the alphabet and writing began. They all display Kipling ' s vivid imagination, inventive vocabulary and engaging word play. And once again Ian Wallace makes intriguing connections between the stories in his richly imagined illustrations. The second volume, as visually breathtaking as the first, includes " The Beginning of the Armadillos, " " How the First Letter Was Written, " " How the Alphabet Was Made, " The Crab That Played with the Sea, " " The Cat That Walked by Himself " and " The Butterfly That Stamped. " The first edition of Just So Stories was published in Great Britain in 1902, along with black-and-white illustrations by Kipling himself. The stories have remained in print ever since, delighting young readers in many countries. This new edition, published more than 110 years after the original, has been edited to remove a few references now understood to be offensive. Inspired by these remarkable stories and the fact that they are set all over the world, Ian Wallace has chosen to make an annual donation to the International Board on Books for Young People ' s Fund for Children in Crisis (www.ibby.org).
