Ted Simon Quotes (Author of Jupiter's Travels)

'Jupiter's Travels' follows Ted Simon as he travels around the world on a Triumph motorcycle and it makes for fascinating reading. His writing style is completely engaging and he comes out with some wonderful descriptions that add real colour and depth to the various stories he recounts.

Jupiter's Travels - Ted Simon's astonishing 4 year motorbike journey around the world The book that inspired Ewan McGregor's Long Way Round In the late 1970s Ted Simon set off on a Triumph and rode 63,000 miles over four years through fifty-four countries in a journey that took him around the world. Through breakdowns, prison, war, revolutions, disasters and a Californian commune, he travelled into the depths of fear and reached the heights of euphoria. He met astonishing people and was treated as a spy, a welcome stranger and even a god. For Simon the trip became a journey into his own soul, and for many others - including bikers Charley Boorman and Ewan McGregor - it provides an inspiration they will never forget. This classic text, which has informed a whole genre of travel writing in the thirty years since it was first published, will never be bettered for sheer adventure, passion, humour and honesty. Brought up in England by a German mother and a Romanian father, Ted Simon found himself impelled by an insatiable desire to explore the world. It led him to abandon an early scientific career in favour of journalism, and he has worked for several newspapers and magazines on Fleet Street and elsewhere. Ted Simon is also the author of Riding Home and The Gypsy in Me.

A journalist for the London Sunday Times, Simon vividly recounts his four-year journey, by motorcycle, around the world, offering incisive observations about the people, places, and customs of four continents

For four years during the 1970s Ted Simon rode a motorcycle around the world, something no-one had ever done before. He described his adventures first in regular bulletins for The Sunday Times and then, after his return, in Jupiter's Travels, a book that has become revered as a classic of travel writing. Published by Penguin, Jupiter's Travels has sold nearly a million copies in the intervening years and has remained in print throughout that time, remaining a strong seller even today. Ted Simon took a decent SLR camera on the trip, but only a handful of his several thousand color photographs were included in Jupiter's Travels. These are now included in the book published to coincide with the 40th anniversary of his ground breaking trip.

Riding High is packed with untold episodes from the Jupiter journey of Ted Simon's book Jupiter's Travels: his confrontations with a murderous military in Chile, his farcical arrest in India, bizarre customs in Thailand and Malaysia, his hilarious entanglements with a bottle of bad Dubonnet in Ecuador, and many more. Simon contrasts them with the touching and turbulent events that followed his return to domesticity, and explains what became of him in 'life after travel.'

From the bestselling author of Jupiter's Travels and Dreaming of Jupiter comes an entertaining and inspiring new journey round Britain. Having crisscrossed the globe twice, Ted returns to the British Isles to rediscover the country of his youth. The result is a revealing portrait of modern Britain and a witty and affectionate journey back to the past, when Ted would hitchhike across the country visiting friends (and girlfriends). He returns to the site of his old school with its astonishing war time history and visits familiar haunts where he did his National Service and got his first job in newspapers. He also visits less-familiar places. Some inspire him (Winchester Cathedral). Others defeat him (a tax office in Nottingham). As he rolls through the Isles, he discovers that a great deal has changed: busier roads, bureaucracy and, worst of all, the dreaded 'Sat Nav'. But there is also much to celebrate and enjoy along the way. Packed with fascinating stories, extraordinary encounters and glorious depictions of the British countryside, Rolling through the Isles takes the reader on an unforgettable trip with a celebrated adventurer and writer.

In 1982, at the age of just twenty-three and halfway through her architecture studies, Elspeth Beard left her family and friends in London and set off on a 35,000-mile solo adventure around the world on her 1974 BMW R60/6. Reeling from a recent breakup and with only limited savings from her pub job, a tent, a few clothes and some tools, all packed on the back of her bike, she was determined to prove herself. She had ridden bikes since her teens and was well travelled. But nothing could prepare her for what lay ahead. When she returned to London nearly two and a half years later she was stones lighter and decades wiser. She'd ridden through unforgiving landscapes and countries ravaged by war, witnessed civil uprisings that forced her to fake documents, and fended off sexual attacks, biker gangs and corrupt police convinced she was trafficking drugs. She'd survived life-threatening illnesses, personal loss and brutal accidents that had left permanent scars and a black hole in her memory. And she'd fallen in love with two very different men. In an age before email, the internet, mobile phones, satnavs and, in some parts of the world, readily available and reliable maps, Elspeth achieved something that would still seem remarkable today. Told with honesty and wit, this is the extraordinary and moving story of a unique and life-changing adventure.

This adventurous work records Robert Edison Fulton's solo round-the-world tour on a two-cylinder Douglas motorcycle between July, 1932 and December, 1933. First published in 1937.
