Modern Home Plan And Vastu

VASTU CONCEPT FOR MODERN HOME PLANNING. Vastu shastra is an ancient science and architecture and one of the eminent features of Indian heritage. Vastu means the site or foundation of a house. It tells us how to build a house so as to be happy and prosperous. One of the most noteworthy contribution is evolution of the concept of Vastu-Purusa. Vastu-Purusa described as humpback and crooked shape, is said to occupy the planned area in such a manner as to occupy the whole plot, and thus, the ...

Vastu is a beautifully detailed guide to using ancient Indian philosophies in every room. Following India's Vedic tradition, Vastu helps guide people to prosperity and tranquility in life by aligning architectural spaces with the natural world. Included is an informative discussion on the definition, origin, and sacred foundations of Vastu, along with Vastu's use of concentric squares and the elements earth, water, fire, and air in design. Author Sheri Silverman also discusses the power of meditation, organizing, and clearing clutter, aromatherapy, and sacred space. Vastu offers solutions for those building, renovating, or just looking to improve the energy and atmosphere in an existing living space

In this ground-breaking study the traditional Indian science of architecture and house-building, Vastu Vidya, is explored in terms of its secular uses, at the levels of both theory and contemporary practice. Vastu Vidya is treated as constituting a coherent and complete architectural programme, still of great relevance today. Chakrabarti draws on an impressive amount of textual material, much of it only available in Sanskrit, and presents several extremely valuable illustrations in support of the theories expounded. Each chapter deals with one architectural aspect, and chapters are divided into three sections. For each aspect, the first section explains the prescriptions of the traditional texts; the second section deals with the rather arbitrary use of that aspect by contemporary Indian architects trained in the western manner but striving to relate to Indian roots; while the last section in each chapter explores the selected use of that particular aspect by contemporary Vastu pundits, with their disregard for architectural idiom
