make big money in doing so. Stephen Key, a highly successful entrepreneur whose creations have generated billions of revenue, offers the simple, effortless secret to success: license your simple idea and let others do the work. Breaking down the process of generating and licensing a product idea to a large company, he explains why you don't need to reinvent the wheel: Simple improvements to existing products can be very successful endeavors—and the most lucrative. The old method of bringing products to market through prototyping and patents doesn't work anymore. It's cheaper and more profitable to do it Key's way. think positively—has morphed from metaphysics into mass belief. In *One Simple Idea*, Mitch Horowitz tracks the history of the positive-thinking movement from its pioneers to its most dramatic personalities, including Dale Carnegie and Norman Vincent Peale. Positive thinking has been the root of studies on the placebo effect, the 12-step approach to overcoming addiction, and the mind-body connection in treating illness. And it is central to the American idea of success, as seen in political messages like Ronald Reagan's "Nothing is impossible" or President Obama's "Yes, we can" and slogans such as the U.S. Army's "Be all you can be" and Nike's "Just do it." and methods, which readers can use to test the validity of positive-mind mechanics in their daily lives. One Simple Idea answers the age-old question—Does it work?—and shows that, yes, positive thinking can change the world.

Think you need a patent? Think again. Many of the products Stephen Key has licensed required no intellectual property protection whatsoever, yet have made millions in royalties. But Key also knows what it takes to protect a big idea. Years ago, after reading about how medication bottles rarely contain enough space for the information that needs to be printed on them, he was inspired to develop an

Innovative label technology. The Spinformation rotating label has been licensed on products the world over, is protected by 20 U.S. and international patents, and has received more than 13 industry awards. To put it simply: Key knows how to use intellectual property to profit. This book will teach you how to:

- Get a licensing contract with or without intellectual property
- Write a provisional patent application that stops others from stealing your idea
- Find and hire a killer patent attorney (they are not all created equal!)
- Save thousands of dollars on legal expenses
- File patents that have true value
- Negotiate a win-win agreement

It also details Stephen's experience defending his patents in Federal
