Ever since its original publication in Germany in 1938, Max Schweidler's *Die Instandsetzung von Kupferstichen, Zeichnungen, Buchern usw.* has been recognized as a seminal modern text on the conservation and restoration of works on paper. This volume, based on the authoritative revised German edition of 1950, makes Schweidler's work available in English for the first time, in a meticulously edited and annotated scholarly edition. An extensively illustrated appendix presents case studies of eleven Old Master prints that were treated using the techniques Schweidler discusses.

How do you find a ghost? That's what FBI Agent Sean Kruger must do. He is dispatched to New York City to find a fugitive who is accused of killing one man and wounding another in the lobby of a high profile investment firm. Once there, Kruger learns the only information known about the man is his name. Everything else has been erased from the system. Once Kruger digs deeper into the case, he discovers wealthy and powerful men working behind the scenes. These men are determined to keep the truth about the incident and the fugitive from being revealed. In the ensuing search for the suspect, Kruger is pitted against a ruthless foe who is determined to find the fugitive first. When the cat and mouse game turns lethal, Kruger must use all of his

Teenaged Christine Wainwright's parents regard her and her musical ambitions as inconveniences.

Christine's earnest, vain elder brother David is the star of the family: an up-and-coming novelist who has married into the richest family in State City, Iowa. The middle child, Melissa, is struggling with her teaching career and a choice between two men: steady, pragmatic Leander Washington and worshipful Connor Lowe. When Christine disappears, suspicion falls on the Wainwrights' scheming neighbor, Andy Palinkas, who loathes Christine's parents. The unfolding mystery exposes the truth behind the Wainwrights' respectable facade: a convoluted saga of unwanted children, disastrous marriages, romantic double-crosses, and domestic plots and counter-plots. Joseph Dobrian's new novel, *Ambitions* (Rex Imperator, 426 pps., trade paperback, \$17.95, ISBN

978-0-9835572-3-4) is a stark, elegantly written family drama set in a Midwestern university town. It's a story of aspiration, adoration, and betrayal that explores some of the ugliest realities of human interactions. At the same time, it conveys a message of hope to readers who strive to realize their own ambitions. REVIEW BY JEFF-CHARIS CARLSON, in the IOWA CITY PRESS-CITIZEN: Like "Anna Karenina," Joseph Dobrian's new novel, "Ambitions," should be required reading in premarital counseling or pre-parenting classes. Like Leo Tolstoy 140 years before him, Dobrian understands intimately the profound truth within the axiom: "Happy families are all alike; every unhappy family is unhappy in its own way." And

like the thousand-page Russian masterpiece, Dobrian's 440-page "Ambitions" provides a veritable catalog of various unhappy marriages and parent-child relationships. Unlike Tolstoy's Konstantin Levin, however, Dobrian's authorial stand-in character, Andy Palinkas, isn't working his way through one of the family relationships in question. Instead, as the middle-aged owner of a men's clothing store, he remains an unmarried, well-dressed man who, disappointedly, tends to give off the wrong vibe to the women he finds attractive. Yet Andy's bachelor-status also leaves him free to observe, gossip about and learn from the failings of his coupled and kidded customers, colleagues and fellow citizens. And his mentoring relationship with his neighbors' teenage daughter - whose life he saved when she was a child - provides him with a good deal of behind-the-scenes dirt on the main characters. Throw in Andy's many business contacts and his frequent appearances at various School of Music concerts, and the character soon has all the information he needs to narrate a compelling story, seven years after the fact, from a third-person, limited-omniscient (and highly snarky) perspective. Dobrain's own sepia-tinged narrative style often makes the 2000s setting of the novel feel more like a half-century earlier. And despite the novel's dramatic opening with the disappearance of that teen-age neighbor, "Ambitions" is much more a multi-generational character study than a plot-driven mystery. Set against the backdrop of a thinly fictionalized version of Iowa City - State City, a UNESCO-designated "City of Music" - Dobrian's already on-target psychological insights hit even closer to home. Although there are many times in

which both Andy and Dobrian seem to be having almost too much fun at others' expense, Dobrian generally is empathetic with his characters whose mundane lives are drowning in their own ordinariness. As with Dobrian's Writers' Group columns and his earlier essay collection, "Seldom Right But Never in Doubt," there are a few times when you feel like throwing the book across the room - mainly in frustration at the blitheness in which the characters go about ruining their lives. But the novel proves to be surprisingly addictive. (I found it so hard to put down that I made it through 300 pages in the first night and had to go to work bleary-eyed the next day.)"

In 1890, more than 100,000 Welsh-born immigrants resided in the United States. A majority of them were skilled laborers from the coal mines of Wales who had been recruited by American mining companies. Readily accepted by American society, Welsh immigrants experienced a unique process of acculturation. In the first history of this exceptional community, Ronald Lewis explores how Welsh immigrants made a significant contribution to the development of the American coal industry and how their rapid and successful assimilation affected Welsh American culture. Lewis describes how Welsh immigrants brought their national churches, fraternal orders and societies, love of literature and music, and, most important, their own language. Yet unlike eastern and southern Europeans and the Irish, the Welsh--even with their "foreign" ways--encountered no apparent hostility from the Americans. Often within a single generation, Welsh cultural institutions would begin to fade and a new "Welsh American" identity

developed. True to the perspective of the Welsh themselves, Lewis's analysis adopts a transnational view of immigration, examining the maintenance of Welsh coal-mining culture in the United States and in Wales. By focusing on Welsh coal miners, *Welsh Americans* illuminates how Americanization occurred among a distinct group of skilled immigrants and demonstrates the diversity of the labor migrations to a rapidly industrializing America.

FULL-COLOR EDITION QUOTES FROM THOSE WHO KNOW: THE OPENING OF THE FIRST BIODOME GARDEN IN OTTAWA - AUGUST 27, 2014 "On August 17, 2014 the Brewer Park Community Garden (BPCG), situated across from Brewer Arena, celebrated the grand opening of Ottawa's first Biodome Garden project. To commemorate the day, the Park hosted a ribbon cutting ceremony along with an afternoon of events, including a barbecue and tours of the Biodome and gardens... When asked about the inspiration for the Biodome Garden, Oster credited the ever-enduring spirit of his co-project leader, Guy Souliere and the pages of Patricia Watters' book, *The Biodome Garden Book*..." "The completion of the Biodome Garden marks an historic moment for Ottawa. The project is the first structure of its kind in Eastern Canada, making it an exciting achievement that sets a high standard and precedence for future similar structures to be built in the Region." "It is the hope of the Brewer Park Community Garden that this innovative project will be replicated many times in several different forms across the City and Ottawa Region. Its replication could shape the beginning of a much more healthy and sustainable food culture

across Ottawa." --SPACING MAGAZINE "Even before the advent of biodomes, experimentation had already begun with domed enclosures that could sustain year-round gardens. At the forefront was Patricia Watters, author of the "The Biodome Garden Book," the premier book on passive-solar biodome greenhouse gardening. (WHOLE LIFE TIMES MAGAZINE) "May as well start off with the most comprehensive food production system that I have ever come across. A wonderful lady named Patricia Watters has written a book on how to construct a system that not only produces produce, but also fish, (a great protein source) in an environment that does not require sprays or the traditional heating and electrical expenses associated with green house systems." From the bestselling author of *Yellow Crocus* and *Mustard Seed* comes the empowering novel of two generations of American women connected by the past and fighting for a brighter future. It's 1894. Jordan Wallace and Sadie Wagoner appear to have little in common. Jordan, a middle-aged black teacher, lives in segregated Chicago. Two thousand miles away, Sadie, the white wife of an ambitious German businessman, lives in more tolerant Oakland, California. But years ago, their families intertwined on a plantation in Virginia. There, Jordan's and Sadie's mothers developed a bond stronger than blood, despite the fact that one was enslaved and the other was the privileged daughter of the plantation's owner. With Jordan's mother on her deathbed, Sadie leaves her disapproving husband to make the arduous train journey with her mother to Chicago. But the reunion
