With fuel costs and parking  
charges it's no wonder the  
consumer is looking for less  
expensive forms of travel. This  
book is aimed at the rider who  
wants to do his or her own basic  
scooter maintenance and servicing  
without the need for in-depth  
mechanical knowledge, or a  
technical manual. It covers areas

An essential and compelling exploration of the design, history, and culture of the motorcycle - an icon of the machine age

Motorcycles are ubiquitous in the world's streets and cities, evolving over decades in engineering and design to meet individual transportation needs. With the coming demise of the internal combustion engine and the rise of electricpowered vehicles, motorcycle design is being revolutionized by new technologies, the demands of climate change, and global social

transformation. The Motorcycle: Desire, Art, Design traces the exciting evolution of this automotive icon -- and the culture of desire, freedom, and rebellion that surrounds it.

Drawing on an incomparable breadth of international examples, Svend Hollensen not only demonstrates how global marketing works, but also how it relates to real decisions around the world. Extensive coverage of hot topics such as blue ocean strategy; celebrity branding; brand piracy; and viral marketing. Brand new case studies focus on globally recognised brands and companies operating in a number of countries,
