lets you test if you or friends have actual psychic or spiritual powers. The tests in the book are all 100% scientific and are the same as those found in genuine parapsychology labs, but each can be done with nothing more than common household items. There are tests for telepathy (ESP), clairvoyance, astrology,

traps us through an incomplete satisfaction that compels us after the new, the better, and the more. Capitalism's parasitic relationship to our desires gives it the illusion of corresponding to our natural impulses, which is how capitalism's defenders characterize it. By understanding this psychic strategy,

McGowan hopes to divest us of our addiction to capitalist enrichment and help us rediscover enjoyment as we actually experienced it. By locating it in the present, McGowan frees us from our attachment to a better future and the belief that capitalism is an essential outgrowth of human nature. From this perspective, our
