Simply Christian Why Christianity Makes In other words: God wants his followers and believers - we fellow Christians - to make a more right and a more beautiful place where people can live in good relation with one selves, each other, the creation and God. This is the same premise on which Tom Wright starts.

Simply Christian: Why Christianity Makes Sense: Amazon.co ...

Despite the book's subtitle "Why Christianity Makes Sense," Wright He begins Simply Christians as a seeming apologetic, speaking of our longings for justice, truth, and beauty the same way C.S. Lewis argued from the existence of a moral sense to the existence of God, but he doesn't ever bring these arguments to convincing culmination.

Simply Christian: Why Christianity Makes Sense

N. T. Wright ' s *Simply Christian* is the product of a thoughtful, articulate scholar who is seeking to give the church a tool to communicate Christianity to an unbelieving world. But if the theological and apologetic vision of this book becomes the normative pattern for the church, the results will be grievous for the advance of Christ ' s kingdom to the ends of the earth.

Why is justice fair? Why are so many people pursuing spirituality? Why do we crave relationship? And why is beauty so beautiful? N. T. Wright argues that each of these questions takes us into the mystery of who God is and what he wants from us. For two thousand years Christianity has claimed to answer these mysteries, and this renowned biblical scholar and Anglican bishop shows that it still does today. Like C. S. Lewis did in his classic *Mere Christianity*, Wright makes the case for Christian faith from the ground up, assuming that the reader is starting from ground zero with no predisposition to and perhaps even some negativity toward religion in general and Christianity in particular. His goal is to describe Christianity in as simple and accessible, yet hopefully attractive and exciting, a way as possible, both to say to outsiders Ô You might want to look at this further, Ô and to say to insiders Ô You may not have

quite understood this bit clearly yet. Ö

This hugely popular international bestseller is being repackaged and rebranded as the leading title in the C.S. Lewis Signature Classics range. One of the most popular and beloved introductions to the concept of faith ever written, *Mere Christianity* has sold millions of copies worldwide. The timeless questions of spirituality which Lewis raises will have resonance with a new generation of readers. *Mere Christianity* brings together Lewis's legendary broadcast talks of the war years, talks in which he set out simply to 'explain and defend the belief that has been common to nearly all Christians at all times.' Rejecting the boundaries that divide Christianity's many denominations, C.S. Lewis provides an unequalled opportunity for believers and nonbelievers alike to hear a powerful, rational case for the Christian faith. This scintillating collection confirms C.S. Lewis's reputation as one of the leading writers and thinkers of our age.

Ranks the Apostle Paul as "one of the most powerful and seminal minds of the first or any century," and argues that we can now sketch with confidence a new and more nuanced picture of Paul and the radical way in which his encounter with Jesus redefined his life, his mission and his expectations for a world made new in Christ. Reprint.

For years Christians have been asking, "If you died tonight, do you know where you would go?" It turns out that many believers have been giving the wrong answer. It is not heaven. Award-winning author N. T. Wright outlines the present confusion about a Christian's future hope and shows how it is deeply intertwined with how we live today. Wright, who is one of today's premier Bible scholars, asserts that Christianity's most distinctive idea is bodily resurrection. He provides a magisterial defense for a literal resurrection of Jesus and shows how this became the cornerstone for the Christian community's hope in the bodily resurrection of all people at the end of the age. Wright then explores our expectation of "new heavens and a new earth," revealing what happens to the dead until then and what will happen with the "second coming" of Jesus. For many, including many Christians, all this will come as a great surprise. Wright convincingly argues that what we believe about life after death directly affects what we believe about life before death. For if God intends to renew the whole creation—and if this has already begun in Jesus's resurrection—the church cannot stop at "saving souls" but must anticipate the eventual renewal by working for God's kingdom in the wider world, bringing healing and hope in the present life. Lively and accessible, this book will surprise and excite all who are interested in the meaning of life, not only after death but before it.

In *Simply Jesus*, bestselling author and leading Bible scholar N.T. Wright summarizes 200 years of modern Biblical scholarship and models how Christians can best retell the story of Jesus today. In a style similar to C.S. Lewis' s popular works, Wright breaks down the barriers that prevent Christians from fully engaging with the story of Jesus. For believers confronting the challenge of connecting with their faith today, and for readers of Timothy Keller' s *The Reason for God*, Wright' s *Simply Jesus* offers a provocative new picture of how to understand who Jesus was and how Christians should relate to him today.

Why did Christianity begin, and why did it take the shape it did? To answer this question -- which any historian must face -- renowned New Testament scholar N. T. Wright focuses on the key points: what precisely happened at Easter? What did the early Christians mean when they said that Jesus of Nazareth had been raised from the dead? What can be said today about this belief? This book, third in Wright's series *Christian Origins and the Question*

of God, sketches a map of ancient beliefs about life after death, in both the Greco-Roman and Jewish worlds. It then highlights the fact that the early Christians' belief about the afterlife belonged firmly on the Jewish spectrum, while introducing several new mutations and sharper definitions. This, together with other features of early Christianity, forces the historian to read the Easter narratives in the gospels, not simply as late rationalizations of early Christian spirituality, but as accounts of two actual events: the empty tomb of Jesus and his "appearances." How do we explain these phenomena? The early Christians' answer was that Jesus had indeed been bodily raised from the dead; that was why they hailed him as the messianic "son of God." No modern historian has come up with a more convincing explanation. Facing this question, we are confronted to this day with the most central issues of the Christian worldview and theology.

From the author of the acclaimed *Simply Christian* and *Surprised by Hope* comes a book that addresses the question that has plagued humans for centuries—what is our purpose? As Christians, what are we to do with that ambiguous time between baptism and the funeral? It's easy to become preoccupied with who gets into heaven; the real challenge is how we are going to live in the here and now. Wright dispels the common misconception that Christian living is nothing more than a checklist of dos and don'ts. Nor is it a prescription to "follow your heart" wherever it may lead. Instead, *After You Believe* reveals the Bible's call for a revolution—a transformation of character that takes us beyond our earthly pursuit of money, sex, and power into a virtuous state of living that allows us to reflect God and live more worshipful, fulfilling lives. We are all spiritual seekers, intuitively knowing there is more to life than we suspect. This is a book for anyone who is hoping there is something more while we're here on Earth. There is. We are being called to join the revolution, and Wright insightfully encourages readers to find new purpose and clarity by taking us on an eye-opening journey through key biblical passages that promise to radically alter the work of the church and the direction of our lives.

In this thoughtful follow-up to *Simply Christian*, today's leading Bible scholar, Anglican bishop, and acclaimed author uses the Gospel of John to reveal how Christianity presents a compelling and relevant explanation for our world. N. T. Wright argues that every world view must explain seven "signposts," indicators inherent to humanity: Justice, Spirituality, Relationships, Beauty, Freedom, Truth, and Power. If we do not live up to these ideals, our societies and individual lives become unbalanced, creating anger and frustration—negative emotions that divide us from ourselves and from God, he contends. Using the Gospel of John as his source, Wright shows how Christianity defines each signpost and illuminates why we so often see them as being "broken" and unattainable. Drawing on the wisdom of the Gospels, Wright explains why these signposts are fractured and damaged and how Christianity provides the vision, guidance, and hope for making them whole once again, ultimately healing ourselves and our world.

Widely regarded as the modern C. S. Lewis, N. T. Wright, one of the world's most trusted and popular Bible scholars and the bestselling author of *Simply Christian* and *Surprised by Hope*, presents a manifesto urging Christians to live and pray the Bible's Psalms in *The Case for the Psalms*. Wright seeks to reclaim the power of the Psalms, which were once at the core of prayer life. He argues that, by praying and living the Psalms, we enter into a worldview, a way of communing with God and knowing him more intimately, and receive a map by which we understand the contours and direction of our lives. For this reason, all Christians need to read, pray, sing, and live the Psalms. By providing the historical, literary, and spiritual contexts for reading these hymns from ancient Israel's songbook, *The Case for the Psalms* provides the tools for incorporating these divine poems into our sacred practices and into our spirituality itself.

## Acces PDF Simply Christian Why Christianity Makes Sense Nt Wright

The Gospel means good news, but what makes it news? If the message has been around for 2,000 years, what could possibly be newsworthy about it? And what makes it good? Surely not the stories we hear of damnation, violence, and an angry God. Tom Wright believes many Christians have lost sight of what the 'good news' of the gospel really is. In *Simply Good News*, he shows how a first-century audience would have received the gospel message, what the 'good news' means for us today and how it can transform our lives.
