unusually balanced and illuminating discussions of Japan," Science noted.

Section 3

Computers, communications, digital information, software—the constituents of the information age—are everywhere. Being computer literate, that is technically competent in

Download

Ebook

two or three of today's software applications, is not enough anymore.

Individuals who want to realize the potential value of information technology (IT) in their everyday lives need to be computer fluent—able to use IT effectively today and to adapt to changes tomorrow. Being Fluent

Download

Ebook

with Information

Technology sets the

standard for what

everyone should know

about IT in order to use

it effectively now and in

the future. It explores

three kinds of

knowledgeâ"intellectua

l capabilities,

foundational concepts,

and skillsâ"that are

essential for fluency

with IT. The book

Download

Ebook

presents detailed descriptions and examples of current skills and timeless concepts and capabilities, which will be useful to individuals who use IT and to the instructors who teach them.

Blending social analysis and philosophy, Albert Borgmann maintains

Download

Ebook

that technology creates a controlling pattern in our lives. This pattern, discernible even in such an inconspicuous action as switching on a stereo, has global effects: it sharply divides life into labor and leisure, it sustains the industrial democracies, and it fosters the view that the earth itself is a technological device. He

Download

Ebook

argues that technology has served us as well in conquering hunger and disease, but that when we turn to it for richer experiences, it leads instead to a life dominated by effortless and thoughtless consumption. Borgmann does not reject technology but calls for public conversation about the nature of the

Download

Ebook

good life. He counsels us to make room in a technological age for matters of ultimate concern—things and practices that engage us in their own right.

Section 3

Argues that society pushes for technological change that, in turn, shapes society.

Mention Woody Guthrie, and people who know the name are likely to think of the

Download

Ebook

“Okie Bard,” dust storms behind him, riding a boxcar or walking a red-dirt road, a battered guitar strapped to his back. But unlock Guthrie from the confines of rural folk and Hollywood mythology, as Will Kaufman does here, and you’ll find an abstract painter and sculptor who wrote about atomic

Download

Ebook

energy and Ingrid

Bergman and developed advanced theories of dialectical materialism and human

engineering—in short, a folk singer who was deeply engaged with the art, ideas, and issues of his time. Guthrie may have been born in the Oklahoma hills, but his most productive years were spent in the

Download

Ebook

metropolitan centers of Los Angeles and New York. Machines and their physics were among his favorite metaphors, fast cars were his passion, and airplanes and even flying saucers were his frequent subjects. His career-long immersion in radio, recording, and film inspired trenchant observations concerning

Download

Ebook

mass media and communication, and he contributed to modern art as a prolific abstract painter, graphic artist, and sculptor. This book explores how, through multiple artistic forms, Guthrie thought and felt about the scientific method, atomic power, and war technology, as well as the shifting dynamics of gender and

Download

Ebook

race. Drawing on previously unpublished archival sources, Kaufman brings to the fore what Guthrie's insistently folksy popular image obscures: the essays, visual art, letters, verse, fiction, and voluminous notebook entries that reveal his profoundly modern sensibilities.

Woody Guthrie emerges

Download

Ebook

from these pages as a figure whose immense artistic output reflects the nation's conflicted engagement with modernity. Capturing the breathtaking social and technological changes that took place during his extraordinarily productive career, Woody Guthrie's *Modern World Blues*

Download

Ebook

offers a unique and much-needed new perspective on a musical icon.

Section 3
