Were we having a daydream, entertaining a romantic notion of packing it all up and moving to another country? This delightful narrative of an adventurous (or foolish) couple in the autumn of their lives, who desire a lifestyle change, begins in 1992. He a skeptical, flamboyant American, and I, still clinging to a British passport and three dogs. Knowing no French, we make a bold decision to abandon California for an unspoiled village in the heart of the French countryside, called Le Berry. Once the germ of the idea becomes firmly rooted, we begin to realize the myriad obstacles and complications that must be addressed. This valuable information is laid out in a light-hearted way, and gives the reader some insight as to what actually must be done to buy a foreign property and make a move, as well as a sense of our determination and fortitude to follow the dream. The story truly unfolds once the interminable bureaucracy is behind us and our feet touch French soil on a frosty winter morning. Our first night does not go as planned, as our rented van becomes mired in a watery ditch on a desolate country cowpath in the pitch-black night. We feel like two aliens dropped onto another planet, as all our belongings are sailing the high seas, and were camping out with three dogs in our vacant cottage in the midst of France. This raw fact forces us to explore our village, meet the town folk, and become familiar with our idyllic surroundings. It also allows us to try dealing with merchants for the purchase of a car, a sofa-bed, and some kitchen cupboards; simple transactions, we thought! We find that living in an adopted country means adapt. Not so easy with strange shopping hours, and a lack of ethnic food. I resort to some bizarre culinary experiments, using ersatz ingredients, in order to re-create our melting-pot American cravings. The language is difficult, especially for my very verbal actor husband, who begins to feel alienated from lack of expression. He has a brilliant idea to utilize our acting backgrounds which has us scurrying to Paris. An agent links us with a film producer in Lille, who hires us sight unseen. The project lands us pleading our case in a French court; judge and magistrates attired in flowing robes and powdered wigs, and no one speaks English! Can we win this case? I try my talents as foreigner working in the very French environment of a chateau-hotel in a valiant attempt to hone my halting French. With seasons so defined, we learn complicity with nature's timetable, inevitably becoming a part of country France. We find the rich rewards of life are the simple joys; snail, mushroom, and firewood gathering, the challenge of transforming a cobwebbed attic into a grand room, delicious long evenings around a dining table with Berrichon friends sharing country cuisine and bottles of wine, delights of true French picnics on warm afternoons on the banks of a lookinglass lake in the woods, encountering little creatures wed never known before, or those many peaceful times wandering the picturesque lanes, exploring medieval villages scattered like windblown seeds across the velvet patchwork of countryside. This charming adventure, filled with first-hand knowledge, told with warmth, humor and paintbrush-upon-canvas descriptions, beckons the armchair traveler, as well as those so bold as to consider such a move. So curl up in your cosiest chair, pack your imaginary bags, and savor the taste of a bucolic village in the Berry!

What do you do without your best friend? Jamie isn't afraid of anything. Always ready to get into trouble, then right back out of it, he's a fun and exasperating best friend. But when something terrible happens to Jamie, his best friend has to face the tragedy alone. Without Jamie, there are so many impossible questions to answer -- how can your best friend be gone forever? How can some things, like playing games in the sun or the taste of the blackberries that Jamie loved, go on without him?

The Richardella-dulcisica, better known as the taste berry, is a unique fruit. When eaten, it causes the taste buds to experience all food eaten afterwards-even distasteful food-as sweet and delicious. Likewise, there are people who, through their love and compassion, make the lives of others better. Like the taste berry, these people can turn sour days into delightful, even joyful, ones. With all the confusion, turmoil and heartache that teens experience, they need "taste berries" more than any other group. The authors - a mother/daughter team sensitive to the special needs of teens- have collected a wide array of inspirational material, which they interweave with teens' comments and critiques. The book is divided into units on self-worth, self-respect and self-esteem; friendship; love and meaningful relationships; finding meaning, purpose and direction in life; giving, sharing and making a difference; encouragement and success; and coping with pressure, stress and tough issues. Real teens reviewed this book and the authors completed it with the collaborative feedback of those teens. This innovative approach enables Taste Berries for Teens to show teens - by means of the responses and reactions of their peers, rather than the rhetoric of adults - what it means to be a "taste berry" and to appreciate the "taste berries" in their lives. In addition, the authors offer their own suggestions and counsel to provide structure for the teen responses. Taste Berries for Teens-a unique combination of timeless and heartwarming narratives, teen responses and reactions, and the authors' own loving and wise commentary and advice-is sure to become every teen reader's constant guide and trusted companion.
